

AL600

4G LTE Portable Tracker

The AL600 is a compact 4G LTE tracker designed for the safety of your loved ones, from family members to furry friends. It features an intelligent motion algorithm that significantly extends battery life and enhances pinpoint accuracy via automatic switching between multiple positioning systems, whether indoors or out. With customizable virtual fences, a one-touch finder with sound and light alerts, and insightful activity monitoring via the designated mobile app, the AL600 delivers comprehensive safety and peace of mind.

Pet Care

Pet Boarding

Personnel Tracking

Advanced Positioning Synergy

Leverages a synergy of multiple positioning systems (GPS/BDS/Wi-Fi/LBS/Bluetooth/A-GPS) for accurate indoor and outdoor tracking.

Extended Battery Life

Up to 10 days of active tracking or 60 days on standby, with fast and convenient USB-C charging.

Safety Fencing (Geofencing)

Set up custom "safe zones" using Geofence, Wi-Fi, and Bluetooth technology. Receive instant alerts on your phone for entry and exit.

One-Touch Finder

Easily locate the tracker by activating its built-in light and buzzer with a single tap in the app, even in the dark or noisy environments.

Health & Activity Monitoring

Tracks daily activity levels and alerts you to unusual periods of inactivity, helping you monitor the well-being of your pet.

Route Playback

Review a 7-day location history to understand travel patterns, retrace steps, or aid in a swift recovery if they go missing.

Standard Configuration

Positioning Technology	GPS/BDS/Wi-Fi/LBS/BT/A-GPS
Communication Technology	4G LTE Cat 1
Supported LTE Bands	B1/B3/B5/B7/B8/B20/B28/B38/B40/B41
IP Rating	IP67
Battery	530 mAh (rechargeable)
Battery Life	10+ days (active tracking); 60+ days (standby/sleep)
Charging Port	USB Type-C
Dimensions	51 x 32 x 14 mm
Operating Temperature	-20 C to +60 C
